

A Dream Stay.

Our stay at Sea Heart House was 5\* from the minute we arrived. The house is set on a hilltop tucked away from the hustle and bustle of Unawatuna and Galle but close enough if you want to venture out. The design of the house epitomizes 'outdoor/indoor living' with a great array of living areas to relax in and look out at the most spectacular view. The bedrooms are all fantastic sizes with beautifully designed bathrooms and the garden and pool are excellent. Did I mention the view????!!!!!!

Lake Koggola has to be one of the most tranquil places. If you fancy venturing on to it, Pethum, the amazing chef/manager will organize for you to jump on a boat at the bottom of the garden and you can go and visit the stunning islands scattered around. We visited a family on their own cinnamon island, there is an island with a beautiful temple and also a herb and natural remedy garden.

The food cooked by Pethum and his right-hand man never failed to disappoint. The breakfasts were breakfasts of kings, the Sri Lankan dishes they prepared were full of flavor and stunning and each day, they produced something different and special.

Our children are aged 6 and 4 and this property was perfect for them. Places to explore and a lovely swimming pool. However, due to its design, there are a few steps and ledges so if you have younger children, you will need to be really careful.

The staff who looked after us and the property worked so hard and were warm, friendly and went above and beyond to make our stay memorable. We will look back on our holiday at Seaheart with the best memories and cannot wait to return soon.
